RAB Actuarial Solutions, LLC

Robert Bear is a Property and Casualty Consulting Actuary, Reinsurance Consultant and Insurance Arbitrator in the actuarial consulting firm he has established, RAB Actuarial Solutions LLC. He is a Fellow of the Casualty Actuarial Society, an ARIAS-U.S. certified insurance and reinsurance arbitrator, a Chartered Property Casualty Underwriter, a member of the American Academy of Actuaries, and a Fellow in the Conference of Consulting Actuaries. He has earned MS degrees in both theoretical and applied mathematics, as well as in economic systems.

RAB Actuarial Solutions LLC is focused on providing quality Property and Casualty actuarial consulting services and reinsurance consulting services: (1) Loss reserving (2) Insurance and reinsurance arbitration, actuarial expert witness and reinsurance expert witness (3) Insurance risk models and financial projections (4) Insurance ratemaking and reinsurance pricing, including reinsurance commutations, insurance risk transfer analyses, and price monitoring.

Robert Bear is a Property and Casualty Actuarial Consultant with over 30 years of insurance industry experience, including 20 years managing reinsurance actuarial services. In his actuarial consulting practice, he has performed loss reserve studies and reinsurance pricing analyses, served as an insurance arbitrator and an actuarial expert witness in insurance and reinsurance arbitrations, and provided litigation and investor support. He previously served as Senior Vice President and Chief Actuary of PXRE Group, where he managed the Actuarial Department and served as the Appointed Actuary for the companies within the group. He was responsible for loss reserving functions and pricing model development, along with related corporate modeling. He began his career at Insurance Services Office and subsequently served as an actuarial manager at Prudential Reinsurance, Signet Star Reinsurance and SCOR Reinsurance Company.

Robert Bear's service to the actuarial profession has included terms as Chairperson of the RAA Actuarial Committee and as President of Casualty Actuaries in Reinsurance. He currently serves as co-chairperson of the CAS Loss Simulation Model Working Party.

Robert Bear authored a discussion of Rodney Kreps' paper on "Riskiness Leverage Models" that was published in the 2005 CAS Proceedings. He also authored a discussion of Donald Mango's 2005 ASTIN paper on "Insurance Capital as a Shared Asset" that was published in the CAS 2006 Fall Forum. His article on "Measuring Returns after Reflecting the Rental Cost of Rating Agency Capital" was published in the July 2006 edition of the CAS Risk Management Section periodical. He has presented numerous actuarial seminars at professional meetings.

Quality answers to challenging questions.
